

## HEBREW CIRCLES DULY CELEBRATE PURIM FESTIVAL

Masque Ball Under Auspices of Jewish Ladies' Auxiliaries.

Children Play Prominent Part in This Year's Event.

National Rifles Hall Scene of Brilliant Assemblage Last Evening.

The festival of Purim, one of the most important events in the calendar of the Jewish Church, was dully observed last night at National Rifles Hall.

The celebration took the form of a masque ball, in which the children of the various synagogues of the city were prominent figures. The entertainment was given under the auspices of the Ladies' Auxiliary Society of the Eighth Street Temple and was a social success.

At the opening of the dancing, after the review of the children's masque march, there were at least 500 couples on the floor, gracefully gliding to the strains of inspiring music.

Children Dance En Masque.

By 9 o'clock the big dance floor of the armory was well filled by children en masque, ready to enter the contest for prizes to be awarded, and happier, jollier youngsters were never mustered in Washington. Many characters of history, mythology, and the imagination were depicted. Max Fischer, J. L. Blout, and J. Eisenman acted as the committee of award. The children, marshaled and headed by Julius Eisenman, started a grand march that lasted for nearly an hour, after which they were declared the prize winners: Tambourine, Selma Sellinger; Old Woman Who Lived in the Shoe, Alma Bauer; Newspaper, Mary, Sylvia Fischer; Caruso, Minnie Schoenthal; Rambo, Simon Wolfe, Jr.; Arabian Peddler, Abraham Von Eben; Betsy Ross, Bertha Wolfe; George Washington, Andy Wolfe.

Some Special Features.

A group of masqueraders that won special attention was made up as follows: Julian Eisenman, as Mr. Blout; Morris Sellinger, as Rabbi Stern; Gerald Greener, as Rabbi Simon; Leroy Newman, as Rabbi Loeb; Morris Nordlinger, as J. Eisenman; Lawrence Heller, as Mr. Notes; Miss Rita Shifman, as Mrs. Goldsmith; Miss Rosa Breslaw, as Mrs. Simon; Sophie King, as Mrs. Gussenheim, and the Haas, as Mr. Fischer. The flower girls were Miss Jeannette Eisenman, Miss Julia Kohner, and Miss Katherine Heller.

At the conclusion of the children's march the older people began dancing, and by 11 o'clock it was estimated that there were 1,000 young people on the dance floor. During the evening an elegant lunch was served in the dining room beneath the dance hall.

It was in the small hours of the morning before the dancing floor was deserted.

Mrs. Abram Simon was chairman of the executive committee, having the affair in charge.

## ROLLER SKATING NOW UNDER A. A. U. CONTROL

President James E. Sullivan yesterday appointed in New York the committee to supervise roller skating and called special attention to the fact that roller skaters were competing in rugby polo games and other forms of roller sports without registration. John J. Dixon, chairman of the registration committee of the Amateur Athletic Union, will suspend or disqualify skaters who fail to comply with the regulations of the Amateur Athletic Union in respect to non-registration, even in competing with unregistered skaters.

The supervising committee is composed of F. W. Rubien, St. George's Athletic Club; Charles J. Mahoney, New York Athletic Club; Walter J. Tillman, Mohawk Athletic Club; Lee F. Hammer, Public Schools Athletic League; Thomas J. Hughes, Mott Haven Athletic Club; Thomas J. Newlin, St. Bartholomew Athletic Club; M. J. Flynn, Star Athletic Club; and Edward C. Carter, Sheepshead Bay Athletic Club.

## CALCIUM CARBIDE SHIPMENT PERMITTED ON ALL BOATS

Secretary Straus of the Department of Commerce and Labor has rescinded Treasury order No. 19,567, of June 18, 1898, prohibiting the shipment of calcium carbide on passenger vessels. Under the regulation promulgated by Secretary Straus the compound, which is used in the manufacture of acetylene gas, can be transported in passenger vessels when contained in steel, airtight tanks for large quantities and in sealed tin cans for ten pounds or less.

## HE COULD SAY NO MORE.

"You're as beautiful as—"  
"Well, as what?" she asked, looking down and blushing.  
"As a soap calendar," he declared.  
Then she put her arms around his neck and drew a long, glad sigh, feeling that it would be foolish of her to expect him to say more.—Chicago Record-Herald.

## COUNTESS SOCIETY SPONSOR FOR MRS. A. C. GLASGOW

Countess of Essex, Who Was Miss Adela Grant, of New York, Society Godmother to American Woman.

Lady Essex Chief of Staff to Richmond Woman In Her Extensive Campaign Planned For the London Season.

LONDON, March 1.—Mrs. A. C. Glasgow, of New York, and Richmond, Va., has extensive plans for the coming season. London society hear much of the new American hostess and her campaign. Mr. and Mrs. Glasgow have taken Lord Northcliffe's fine house in Berkeley square, and are having it lavishly decorated for a series of splendid entertainments to be given there during May and June.

Meanwhile, the Glasgows will spend the early spring at Biarritz, where they will take a villa. Mrs. Glasgow may

even succeed in entertaining King Edward during her stay in Biarritz, for his majesty is fond of meeting pretty and amusing American women.

Mrs. Glasgow's sponsors in English society will be the Countess of Essex (formerly Miss Adela Grant, of New York) and Mrs. Harold Baring, another American woman.

Two notable debutantes who will "come out" in the approaching London season are Lady Dorothy Walpole, daughter of the Countess of Orford (who was Louise Corbin, of New York) and Lady Rosemary Cairns, the daughter of

## ENGINEER KILLED IN B. & O. WRECK

Train Ditched and 37 Passengers Are Seriously Injured.

CONNELLSVILLE, Pa., March 1.—Baltimore and Ohio train No. 14, west-bound, running eighteen minutes late and forty miles an hour, was wrecked east of here. The entire train, consisting of a combination smoking and baggage car, two day coaches, and the private car of Robert J. Finley, superintendent of the Pittsburgh division of the Baltimore and Ohio Railroad, left the rails and, after running for 20 feet along the ties, was thrown into a ditch at the foot of the mountains, where the wreckage was completely burned.

The engineer was killed, the fireman fatally injured, and the baggage master, express messenger, conductor, and thirty-seven passengers injured seriously.

Wylie Irwin, Pittsburg, Pa., the engineer, was caught under the wrecked engine and burned to death before the eyes of the passengers, who were powerless to liberate him.

## FAMINE RELIEF FOR TWO NATIONS

No Alleviation in China, Appeal for Russian Sufferers.

Consul General Rodgers, at Shanghai, wired the State Department today that he had drawn upon the Red Cross for \$50,000 under the department's instructions, for use in famine relief work. Mr. Rodgers recommended four shipments from the United States hereafter instead of sending money to China for the purchase of supplies there. He stated that the food supply in the Chinese market centers is running short and prices are advancing. There is no improvement in famine conditions.

The committee of bankers and other prominent men in New York, who have organized for the relief of Russian famine sufferers, have informed the State Department that they will issue a general appeal for funds and forward money to Russia through the Red Cross. The committee includes J. Pierpont Morgan and Jacob H. Schiff.

Olivia, Countess of Cairns, widow of the second earl.

Lady Dorothy is a descendant of Horace Walpole, the eighteenth century wit, and displays much cleverness and originality in her frequent contributions to the magazines. Lady Orford, who is very popular, will entertain a good deal for her daughter during the season.

Swimming and chess are the accomplishments of Lady Rosemary Cairns. She has played chess with skill since she was seven and often beats veteran players. At the fashionable Bath Club she gives displays of trick swimming and diving that are quite wonderful.

## PENNSYLVANIA RAILROAD Bulletin.

### BUSINESS CENTERS OF THE EAST.

While Washington looms large in the political affairs of the Nation, it is in the cities of Baltimore, Philadelphia, New York, and Boston that the business life of the East centers. It is there the great day's work is done in trade, in commerce, in manufacturing, in finance, which keeps a-moving the wheels of the Nation's industrial progress.

To Baltimore a schedule of thirty-three trains every week-day via the Pennsylvania Railroad provides convenient service at frequent intervals.

To Philadelphia nineteen week-day trains provide high-grade service at timely hours. Pullman parlor or sleeping cars are attached to all trains but two; dining cars are run on seven trains, and buffet service is furnished by parlor cars.

To New York eighteen through trains are run every week-day with parlor or sleeping cars; dining cars serve meals on seven trains, and buffet service is provided in all parlor cars, except where dining cars are attached. This service includes the famous "Congressional Limited."

To Boston the "Colonial Express" by day, and the "Federal Express" by night, both through trains, link the National Capital with the Metropolis of New England.

A liberal Sunday schedule is also maintained.
